### Horwich Health Centre Proposal update

A message about the proposed health centre at Horwich from Dr Anne Talbot

“This is a really exciting development for Horwich and our patients at Bolton Community Practice. We will be relocating our Market Surgery branch to the new Hub. We will continue to deliver General Practice services from our Ladybridge Branch as normal; there are no plans to change this, and we know how valued our services are to our Ladybridge patients. Ladybridge patients will however benefit from the proposed new Horwich Health and Wellbeing Hub by being able to access Community Services at the site, eg podiatry, and 'Out of Hospital' services eg scans. It is likely that we will also provide some services from this site out of normal surgery hours, as we do at our Waters Meeting site, which will be an additional benefit to our Ladybridge patients”.
